Name	Title	Phone
Brief description of Project		
The Peck Park Entryway Improvement project will create an entry statement for the underused and highly unique park. By building an artistic, wrought-iron gate; a new fence; an entryway drip irrigation system; and native entryway plantings, NET hopes to attract a greater number of people to the park and its natural resources while at the same time adding a touch of needed grandeur to the park.		
I certify that the information contained in this Project Application form and Application requirements is accurate.		
Signed <u>Claire Robinson</u>	Grant Applicant's Authorized Representative as shown in Resolution	3/03/2003 Date
